“Dear God, protect us from covid-19 today. Heal those who are infected from the virus. Shield the healthcare workers. Help the affected communities. Fill us with peace, health and care for each other. In Jesus’ name. Amen”

Dear Lord Jesus, we offer ourselves to you afresh this morning as we come to worship. Remind us that you are constantly watching over us and that you are *Jehovah Jireh* our great Provider. You see our needs and you delight to reach out to each one of us as a loving God. Jesus, we confess our sins before you and admit that we have fallen short of your high standards of love, justice and mercy. We ask that you would renew a right spirit within us. In Jesus name we pray. Amen.
